FEATURES & BENEFITS

Inspires
users to take the next step in life with confidence.

Establishes
a solid foundation for career planning based on reliable and validated career interests, skills, and work values assessments.

Adapts
to provide information relevant to the unique life stages or circumstances, based on specific, individual needs or barriers to education or employment.

Includes
a comprehensive toolkit of resources to explore occupations, find education and training options, create resumes, build and share an e-Profile, and more.

Increases Retention
By using the Kuder system, college retention increased from 73% to over **90%**

Facilitates
selection of the right educational track. Students who select their major or program based on their Kuder assessments never change their major, persist in college, and have higher GPAs.

Promotes
successful usage through the companion curriculum, *Take Hold of Your Future™*— ideal for a career orientation course.

Improves
accountability and quantifies program success with robust reporting tools.

Tracks
data for administrators to monitor individual progress and high-level trends and quickly communicate with system users.

"The Kuder Career Planning System (Kuder Journey) has been extremely helpful with all of our students and the adults."
