PROJECTS AND UNIQUE ATTRIBUTES [5]

Pontotoc Technology Center (PTC) has a diverse economy with a large health community including Valley View Regional Hospital, Chickasaw Nation Health System and Rolling Hills Psychiatric Hospital. Pontotoc also has a large mining sector with Holcim, Unimin, and Fairmount Minerals, a large manufacturing sector with Flex-N-Gate and Solo Cup and a large service industry with Pre Paid Legal Services dba Legal Shield and Interactive Response Technologies. These diverse sectors are served in a rural setting. PTC partners with the community to offer a variety of services to area employers. As a result of Ada's efforts to create a law enforcement/public service industry cluster, PTC has extended the school's public service offerings to include fire service training using the state of the art Fire Training Center. PTC's Business Incubator has been very successful in starting new businesses such as Cammond Industry, Jobri Inc., and McGov.Com. Jobri Inc. was the International Incubator Client of the Year. PTC is also involved with the WorkKeys/Work Readiness Certificate program. This unique assessment will help students be prepared for available jobs and will help area employers select the best workforce available. PTC is the key to economic development and workforce development in the Pontotoc county area.

Secondary students living in the technology center district who attend a public, private, parochial, charter, or home school are eligible to attend tuition free.
