FEATURES & BENEFITS

Establishes
a solid foundation for career planning based on reliable and validated career interests, skills, and work values assessments.

Builds
a framework to explore occupations including occupations, find colleges and financial aid, develop education plans, and prepare for work.

Includes
a comprehensive toolkit of resources to create resumes, write cover letters, save work samples, and more — all shareable via an e-Profile.

90%
of **Kuder users** go on to **postsecondary education**.

Empowers
parents to play an active role in their child's lifelong career planning, approve plans, and more.

Ensures
successful implementation with student-centered lesson plans for the classroom. Also, ask about the companion *Direct Your Future*™ curriculum — ideal for a career development course.

Improves
accountability and quantifies program success with robust reporting tools.

Tracks
data to enable administrators to monitor individual progress and high-level trends and quickly communicate with system users.

Enhances
academic success: over 80% of students say Navigator motivates them to stay in school.

"I selected the Kuder system based on my students' responsiveness to the assessment. I appreciate the ease of use, the practicality of the information, and the ability for teachers and counselors to review the students' results."
