

Career Future Puzzle

Step 1. Cut on dotted line.

Step 2. Fold square in half with words inside.

Step 3. Fold in fourths to make a square.

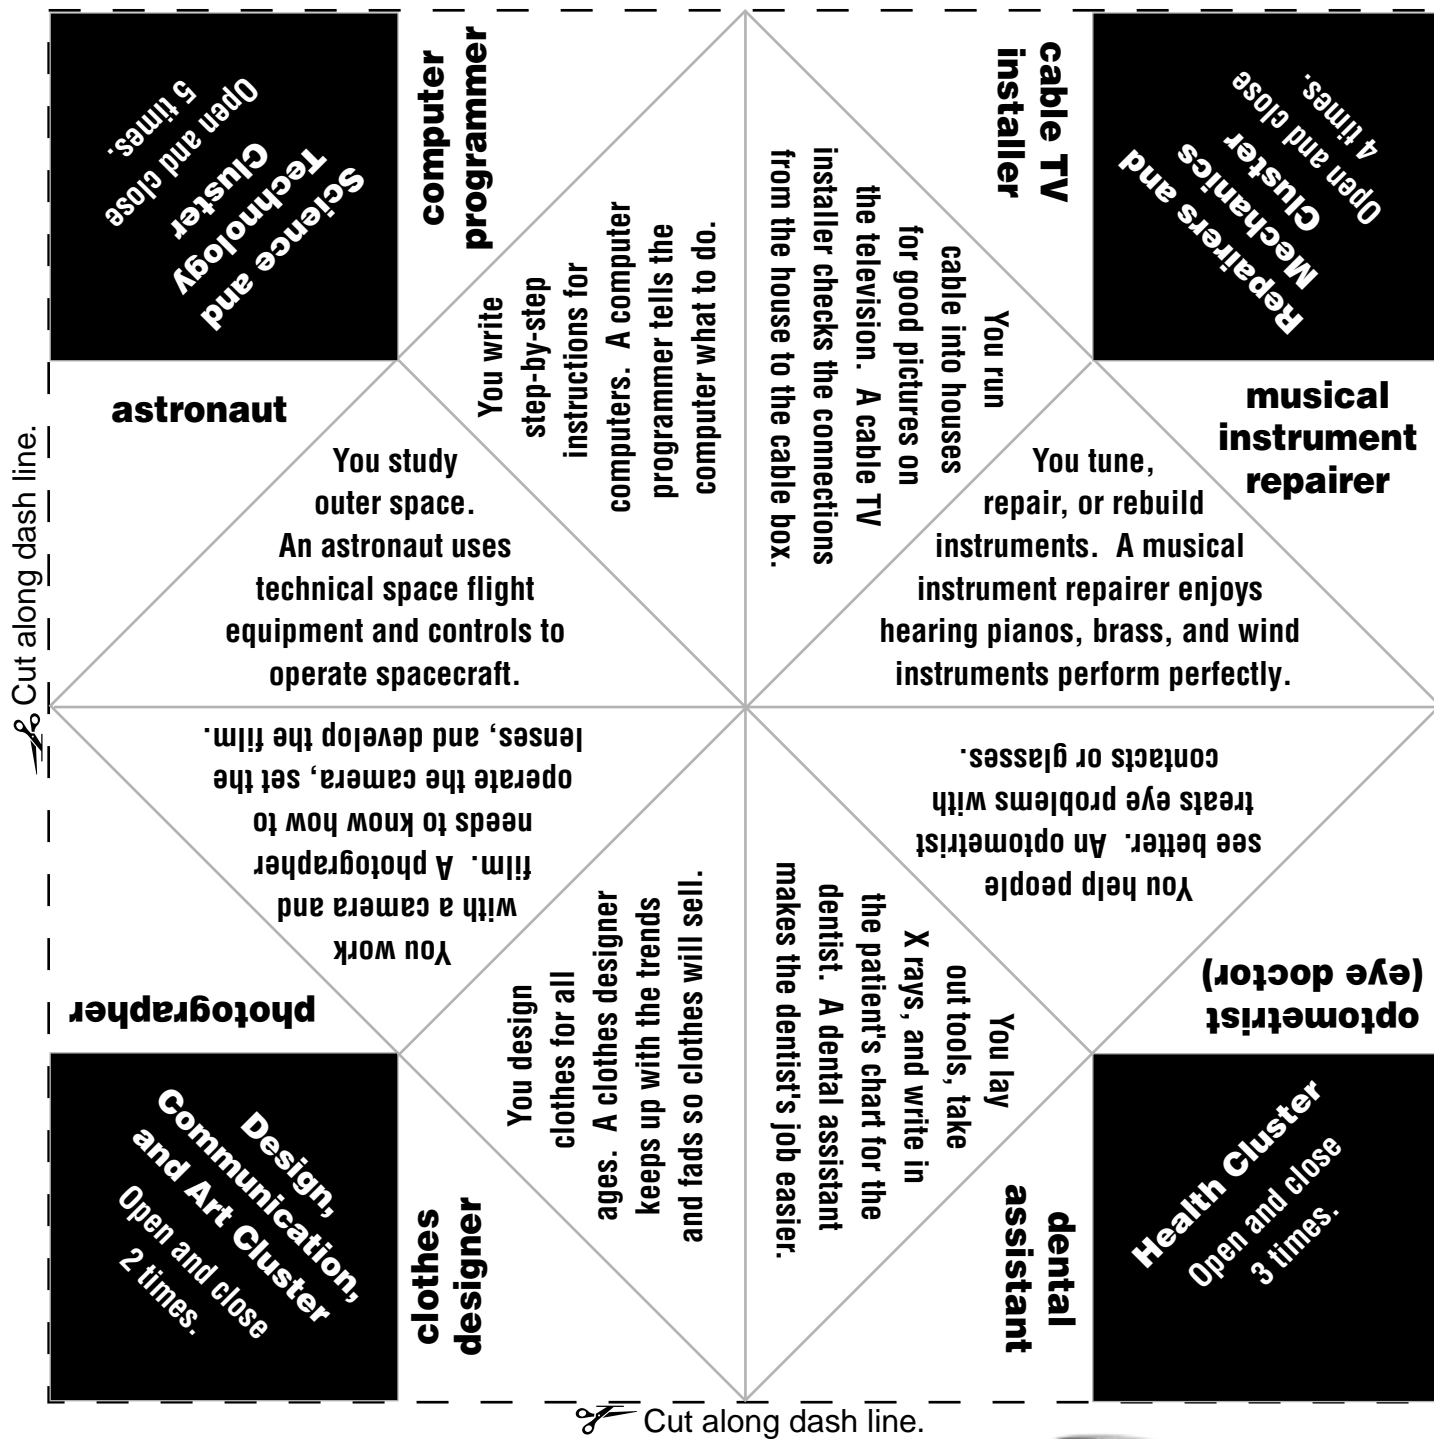

Step 4. Open up paper with words facing down on table. Fold in each corner so that the corners touch in the middle.

Step 5. Turn paper with the cluster titles and occupations face down. Again, fold in each corner so they touch in the middle.

Step 6. Fold square in half and then in fourths to make a small two-inch square.

Step 7. Slip thumb and finger under cluster title flaps. Do the same with the other hand.

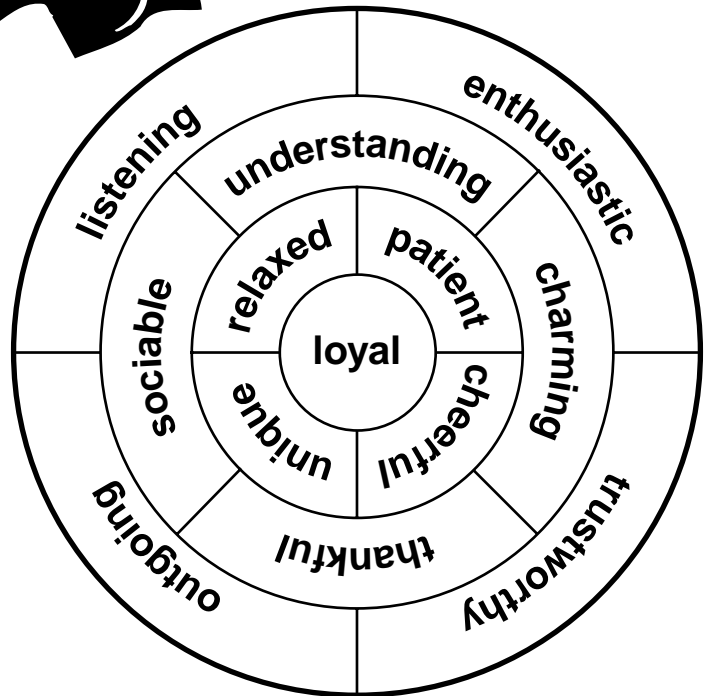

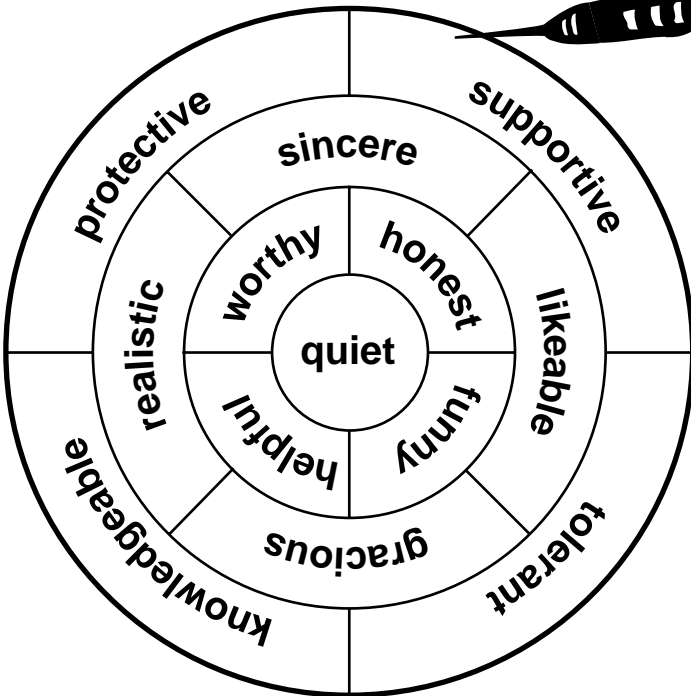

Step 8. Ask a friend to name a cluster title. Open and close puzzle the specified number of times. Ask what occupation is within that cluster. Read what that person would do for a future career.

On Target?

Circle 15 words on the targets that you would like your **friends** to use to describe you. Then below, write two sentences to tell what you would want your **best** friend to say about you.

Changing Times

In an extremely short span of time, digital technology has reshaped the way our society works and communicates. Match the familiar tools and equipment (first column) to the new related technology (second column).
