Oklahoma Adult Basic Education / High School Equivalency

In the state of Oklahoma, there are three tests that can be taken to attain a high school equivalency diploma. Since 2014, an eligible individual can take the GED test, the HiSET test, and the TASC test.

Those who pass one of the three approved tests will receive the state’s official high school equivalency diploma, a credential issued by the Oklahoma Department of Education.

If you have questions about high school equivalency diplomas or adult education classes, please call the Adult Basic Education Department at the Oklahoma Department of CareerTech at 405-743-5556.
