

STAR Spotlight on Teaching Ag Nomination Form

Introduction

The Oklahoma State Teach Ag Results (STAR) program seeks to honor ten teachers (two from each area of Oklahoma) for work they do on the local level in all learning environments. This includes utilizing innovative teaching methods, implementing unique lessons or units, and supporting/assisting specialized community programs. The ten teachers will be honored at Summer Conference in August, 2020. The nominations will be evaluated by the STAR committee of agricultural education teachers, teacher educators, and state staff.

Directions and eligibility

Nominate a fellow agricultural education teacher by submitting a 250-500 word description of the teacher's outstanding work on the local level. Describe some of the specific lessons, programs, and projects they are teaching and advising. Please include the name of the teacher and their school in your submission. We also ask you to include either a headshot or action photo of the nominee.

*In an effort to honor a wide variety of teachers, those that have previously received this award are not eligible to be re-nominated at this time.

2019 Winners:

Grant Little
Holly Drake
Hanna Brown
Carolyn Piguet

Tim White
Brent Ervin
Brent Dugat
Tanner Miller
