

ASSESSMENT PRODUCTS & SERVICES

WHO WE ARE:

The CareerTech Testing Center (CTTC) is a division of the Oklahoma Department of Career and Technology Education. The CTTC provides standards and assessments for all career and technology education programs, and also partners with many state agencies to develop and deliver examinations required for certification and licensure. The CTTC has provided assessment materials for educators since 1985.

WHAT WE DO: CTTC produces assessments and test preparation materials for approximately 175 courses and occupations. Specifically, the CTTC:

- Provides state and national standards and works with industry to develop standards for emerging occupations
- Develops study guides that are aligned to standards and assist students with test preparation
 - Test plans
 - Test taking strategies
 - Sample questions
 - Curriculum/resource crosswalks
- Works with subject matter experts, state agencies and industry organizations to develop and validate end-of-instruction assessments and certification/licensure examinations
- Coordinates delivery of assessments through hundreds of test sites throughout Oklahoma and the United States
- Provides data that can be used for instructional planning, student remediation, and program improvement.
