

2018-19 CTE OCAS SUBJECT CODES: ADDITIONS, CHANGES AND DELETIONS

Please be aware there are numerous changes to the 2018-19 Subject Codes list located here: <http://sde.ok.gov/sde/accreditation-standards-division> Scroll down to see the latest version. *Some courses previously having STEM subject codes were determined to be Trades and Industry courses and were assigned appropriate subject codes. Please adjust the codes in your student information systems to reflect these changes to avoid problems when entering information into the WAVE.*

If you have questions, please let me know. tommi.leach@careertech.ok.gov or 405-743-5524.

VERY IMPORTANT INFORMATION:

- **9000+ subject codes can only be used for courses taught at the technology centers. High Schools SHOULD NOT use 9000+ subject codes for courses offered at the high school.**
- **8000+ subject codes should be used at the high schools for courses taught by certified Career Tech Education (CTE) teachers only. Some courses at the technology centers use 8000+ codes. A few academic courses taught at the technology centers use SDE subject codes (Geometry, Algebra II, etc.) High schools should transcript courses taught at the technology centers using the 8000+ or 9000+ subject codes provided by the technology centers.**
