

CareerTech Counts for the A-F Report Card

HB 3218 – 2017 Postsecondary Opportunities include:

- College Prep Coursework - AP and IB
- Concurrent Enrollment
- Approved Tech Center programs that lead to industry certification
- Internships

How CareerTech counts:

- 1) AP courses taken at the tech center count
- 2) Students enroll and complete coursework through approved CareerTech programs at their local technology center
- 3) Students enroll and complete courses through CareerTech at their local high school or tech center (these courses include internships/work experiences):

<p><u>Business Information Technology:</u> 8102 Business Information Tech. Internship 8622 Marketing Internship 8106 Career Major Capstone</p>	<p><u>Family and Consumer Science:</u> 8419 School & Community Partnership I 8420 School & Community Partnership II 8409 Teach Oklahoma 8446 FACS Ed Capstone 8468 Culinary Arts Internship</p>
<p><u>Health Careers:</u> 8554 Health Careers Capstone</p>	<p><u>Agriculture:</u> 8021 Employment in Agribusiness</p>
<p><u>Pre-Engineering:</u> 8716 Engineering Design & Development</p>	<p><u>Biomedical:</u> 8719 Biomedical Innovation</p>
<p><u>STEM:</u> 8705 STEM Capstone</p>	

Oklahoma Career and Technology Education defines capstone as the final course within a CTE program of study which has a minimum course equivalency of 360 hours of instruction, including the capstone course. The project-based capstone prepares students for an industry credential and provides relevant technical skill training and mentorship or work experience.
