Integrate changing employment trends, societal needs, and economic conditions into your career plans. (CM 5)

Materials/Supplies

Book – *The Lorax* by Dr. Suess

Activity

- Read the book *The Lorax* by Dr. Suess
- Following the reading of the book, lead a discussion on the importance of our resources.
- Have students relate the story to any current event, for example, air or water pollution, rain forest, etc.
- Include in the discussion the kinds of jobs that will help with conservation.

Evaluation

Students will be evaluated on their discussion of the book and why the conservation of resources is important.
