November 2019 Monthly Email
Student Services Contacts: I hope each of you had a joyful Thanksgiving as our next stop is Christmas and then the end of the calendar year!

It is with excitement (and part terror!) that I announce my retirement! My last day to work at ODCTE will be January 8, 2019. I have been at the agency for 29 years and I never thought I would stay that long in one place! And that the one place would provide me the opportunity to work with some of the best people in the state doing some of the best work one can do to help support students’ success. I have been blessed to work with great people in the Career and Academic Connections Division (the best!), the agency and the field. Supporting students to be successful attracts the best kind of people!

There is still time to sign up for:

Do you need a one pager to help when you present to community stakeholders about how CareerTech provides services in different areas? Here are 2 resources to help with that:

- [Fast Facts for CareerTech for FY18](#) gives a statewide overview of CareerTech numbers such as enrollments, teachers, industry certifications, placement rates, etc.
- [CareerTech in Your Community](#) - provides individualized one-pagers covering CareerTech services found in each House and Senate district, as well as statewide maps showing K-12 offerings, CareerTech districts, Adult Basic Ed offerings, and Skills Center locations.

Sincerely,
Kelly Arrington
