

Architecture & Construction Cluster

TechConnect Plus Carpentry Pathway - The TechConnect Carpentry pathway is designed to introduce students to the skills required to enter the carpentry trades. This pathway has a two-hour and three-hour format that will instruct students in the safety practices, tools and equipment needed to enter the construction industry.

TechConnect Plus Carpentry I (Two Hour) - This two-hour career major will introduce students to the carpentry industry. Students will be instructed in safe practices, use of tools and equipment and skills required to enter the carpentry trade(s).

TechConnect Plus Carpentry II (Three Hour) - This three-hour career major will introduce students to the carpentry industry. Students will be instructed in safe practices, use of tools and equipment and skills required to enter the carpentry trade(s).
