HOSA Vitals

“HOSA Vitals” is geared toward the middle school and high school HOSA member who wants to take their leadership skills to the next level. Join professional speaker and college basketball coach Dustin Galyon as he shares some of the most important tips, tools and techniques for success in any field. This high energy experience will guarantee that students will leave excited and equipped for a successful year.

The Next Step

Every HOSA experience is different and every HOSA member will take a different path once their HOSA journey is over. One of the many things every HOSA member can gain are the soft skills that every employer is looking for. In this session, Rhett Laubach will equip you with the same performance tips and strategies that he has shared with over a million executives, state leaders and students in over 48 states, the Bahamas and Canada.
