

Heather Harroun
Campaign Speech Electronic Script
Oklahoma HOSA State Officer

It's been said that what we do in life, echoes in eternity. I would like my echo to be one of selfless compassion, ingenuity and leadership. I've always felt my personal best when I am able to help, give, and do for others.

I'm Heather Harroun and as an one of your Oklahoma HOSA state officer, I will work endlessly to further develop my skills to realize my full potential as a leader in our Oklahoma Health Occupation Students Association. My desire is to be a positive role model by contributing to our healthcare community and encouraging other opsimaths to pursue their ambitions regardless of age by bringing life experience, wisdom and maturity to the HOSA team. What is an opsimath you might ask? It's some like me, who begins, or continues, to study or learn late in life.
