

{{First_Name}},

We're excited to announce that Whova, the official app for the **Oklahoma HOSA State Leadership Conference**, is now ready to access! You will use the app to access content as well as these additional features:

- View the event **agenda** and plan your schedule
- Access **livestreams and videos** directly within sessions and utilize the **session Q&A**
- Create and converse through various **discussion topics** in the **community board**
- Meet with exhibitors and sponsors in the **virtual exhibit hall**

Please take time in advance to get familiar with the app and to make sure everything is working correctly on your device. While we do provide app support during the event, we are unable to provide technical support for your computer, device, or browser, so it is a good idea to make sure everything is running smoothly prior to the start of the virtual conference.

For the best experience, we recommend watching sessions on the Web App and supplementing the Mobile App for more features.

Whova Web App (Google Chrome)

Using the Whova Web App on your computer will be the easiest way to view sessions. The web app requires the latest version of Google Chrome. [Download and install it first](#) if you do not have it installed. Or, [click here](#) to learn how to upgrade to the latest version.

Here is how to access the web app:

- Click [here](#) to go to the Web App (make sure to open in [Google Chrome](#)).
- Click "Sign up here" to create a Whova account. Use the same email address ({{Attendee_Email}}) you used when registering. If you already have a Whova account, just sign in.
- Once you are logged in, you should be taken directly to your event and you can begin navigating through the app immediately!*

Whova Mobile App (iOS/Android)

If you are unable to use the Web App, or just want a more mobile friendly experience, you may also download the Whova Mobile App on your tablet or phone. To download the mobile app, follow these instructions *on the device you want use*:

- Click [here](#) to go to the Whova App download page (or search your app store for “Whova”).
- Click the appropriate button for your device to download the app from your app store.
- Once in the app, click “Sign up” to create a Whova account. Use the same email address ({{{Attendee_Email}}}) you used when registering for the virtual meeting. If you already have a Whova account, just sign in.
- Once you are logged in, you should be taken directly to your event and you can begin navigating through the app immediately!*

If you need any help using the app, feel free to reach out to our help desk. You can email hello@factor110.com or call 405.605.5859 during the event hours.
